 - Top 4% AANP Certification Exam
- Research
 - Drug Trials – NeurogesX C107 (HIV-associated distal polyneuropathy, North Texas Center for AIDS and Clinical Research)

“The focus of the clinical doctorate is in alignment with my desire to be a leader within healthcare, the nursing profession, to be an expert in my field of practice and be in a position to impact patient outcomes...”

Doctor of Nursing Practice

Texas Woman's University Catherine Hill, RN, BA, MSN, GNP

- ADN at Hillsborough Community College
- BA in Management from National-Lewis University
- MSN in Gerontological Advanced Practice from the University of South Florida
- Completed 32 hours toward PhD before being accepted into TWU's DNP program.

“My work experience is varied, like most nurses. Virtually everything I've accomplished has been with the help of many remarkably talented people, too numerous to mention here in addition to the support of my loving family.”

“I started out in ICU, but now I oversee the "provision of care" in our physicians' offices throughout 13 counties. We use the American Academy of Ambulatory Care Nurses Standards, while developing a Medical Home Pilot project for underserved seniors through implementation of a Medicare pay-for-performance mechanism called PQRI (Physician Quality Reporting Initiative). We also provide physician coaching on CPT coding.”

“I want to teach – to be able to give back to the profession I love some much.”
